WHAT IS

V  
U  
C  
A

?

# Volatile

where the environment demands you react quickly to ongoing changes that are unpredictable and out of your control

# Uncertainty

where the environment requires you to take action  
without certainty

# C

# omplex

where the environment is dynamic, with many interdependencies

# Ambiguous

The environment is unfamiliar, outside of your expertise

# Need for Change

Thank  
you!
